## 1 Basis of preparation of interim report

This interim report for the half-year ended 31 December 2019 has been prepared in accordance with the *Corporations Act 2001* and Australian Accounting Standard AASB 134 *Interim Financial Reporting*.

This interim report does not include all the notes of the type normally included in an annual financial report. The interim report was authorised for issue by the directors on 6 March 2020. The directors of the Pinnacle Fund Services Limited ("the Responsible Entity") have the power to amend and reissue the interim report.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Fund's annual financial report for the year ended 30 June 2019. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

There are no other standards that are not yet effective and that are expected to have a material impact on the Fund in the prior periods or will affect the current or future reporting periods and on foreseeable future transactions.

## 6 Fair value measurements

The Fund measures and recognises the below financial assets and liabilities at fair value through profit or loss on a recurring basis.

### (a) Fair value hierarchy

#### (i) Classification of financial assets and financial liabilities

The Fund classifies fair value measurements using a fair value hierarchy that reflects the subjectivity of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1)
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2)
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety.

For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgement by the Responsible Entity. The Responsible Entity considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The tables below set out the Fund's financial assets and liabilities (by class) measured at fair value according to the fair value hierarchy at 31 December 2019 and 30 June 2019.

#### As at 31 December 2019

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
<b>Financial assets at fair value through profit or loss</b>				
Listed equities	224,364	-	-	224,364
<b>Total financial assets at fair value through profit or loss</b>	<b>224,364</b>	<b>-</b>	<b>-</b>	<b>224,364</b>

**(a) Fair value hierarchy (continued)**

*(i) Classification of financial assets and financial liabilities (continued)*

As at 30 June 2019

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Financial assets at fair value through profit or loss				
Listed equities	130,054	-	-	130,054
Total financial assets at fair value through profit or loss	130,054	-	-	130,054
Financial liabilities at fair value through profit or loss				
Forward foreign exchange contracts	-	1	-	1
Total financial liabilities at fair value through profit or loss	-	1	-	1

The fair value of financial instruments traded in active markets (listed equities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Fund is the current last price. These instruments are included in level 1.

*(ii) Transfers between levels*

There were no transfers between levels for the half-year ended 31 December 2019 or the year ended 30 June 2019.

**7 Events occurring after the reporting period**

No significant events have occurred since the end of the reporting period which would impact on the financial position of the Fund as at 31 December 2019 or on the results and cash flows of the Fund for the half-year ended on that date.

**8 Contingent assets and liabilities and commitments**

There were no outstanding contingent assets, liabilities or commitments as at 31 December 2019 and 30 June 2019.

## Directors' declaration

In the opinion of the directors of the Responsible Entity:

## **Independent auditor's review report to the unitholders of Hyperion Global Growth Companies Fund**

### ***Report on the half-year financial report***

We have reviewed the accompanying half-year financial report of Hyperion Global Growth Companies Fund (the Registered Scheme) which comprises the statement of financial position as at 31 December 2019, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, selected other explanatory notes and the directors of the Responsible Entity's declaration.

### ***Directors of the Responsible Entity's responsibility for the half-year financial report***

The directors of the Responsible Entity of the Registered Scheme are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors of the Responsible Entity determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement whether due to fraud or error.

### ***Auditor's responsibility***

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Australian Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Registered Scheme's financial position as at 31 December 2019 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Hyperion Global Growth Companies Fund, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### ***Independence***

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
