The interim financial report does not include all the notes of the type normally included in the annual financial report. Accordingly, this interim financial report should be read in conjunction with the annual financial report for the year ended 30 June 2019 and any public announcements made in respect of the Plato Australian Shares Income Fund during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

This interim financial report covers the Plato Australian Shares Income Fund as an individual entity.

The Responsible Entity of the Plato Australian Shares Income Fund is Pinnacle Fund Services Limited (ABN 29 082 494 362). The Responsible Entity's registered office is Level 19, 307 Queen Street, Brisbane, QLD, 4000.

Directors' report

The directors of Pinnacle Fund Services Limited, the Responsible Entity of the Plato Australian Shares Income Fund ("the Fund"), present their report together with the interim financial statements of the Fund for the half-year ended 31 December 2019.

Principal activities

The Fund is a registered managed investment fund domiciled in Australia.

The Fund will primarily invest in ASX listed entities and aims to provide an annual gross yield (including franking) that exceeds the gross yield of the S&P/ASX 200 Franking Credit Adjusted Daily Total Return Index (Tax-Exempt) (the 'Benchmark') after fees. The Fund also aims to outperform the Benchmark after fees. The Fund is intended to be managed for low tax investors who can utilise franking credits. These investors include, but are not limited to, superannuation funds and charities. The Fund is likely to exhibit a high turnover of investments and investment decisions, such as participating in off-market buy-backs, will be evaluated based on a zero tax rate. The investment process aims to maximise the value gained from franked dividends, primarily via holding stocks which pay franked dividends and participating in off-market buy-backs.

Plato Investment Management Limited is the Investment Manager of the Fund.

The Fund did not have any employees during the half-year.

Directors

The following persons held office as directors of Pinnacle Fund Services Limited during the half-year or since the end of the half-year and up to the date of this report:

Mr I Macoun
 Mr A Ihlenfeldt
 Mr C Kwok
 Mr A Whittingham (appointed 5 August 2019)
 Mr T O'Callaghan (resigned 5 August 2019)

The Responsible Entity also has a Compliance Committee consisting of one non-independent person and three independent persons. The committee's role is to oversee the compliance requirements of the Fund operated by the Responsible Entity.

Review and results of operations

There have been no significant changes to the operations of the Fund since the previous financial period. The Fund continued to invest funds in accordance with target asset allocations as set out in the governing documents of the Fund.

The performance of the Fund, as represented by the results of its operations, was as follows:

	Half-year ended	
	31 December 2019 \$'000	31 December 2018 \$'000
Net operating profit/(loss) before financing costs attributable to unitholders	<u>26,133</u>	<u>(116,373)</u>

Distributions

Distributions - A Class

Distributions paid and payable	<u>49,161</u>	<u>84,731</u>
Distributions (cents per unit)	<u>4.8435</u>	<u>8.7124</u>

Directors' report (continued)

Review and results of operations (continued)

Distributions - F Class

Distributions paid and payable	<u>16,152</u>	<u>22,665</u>
Distributions (cents per unit)	<u>4.1114</u>	<u>7.0295</u>

Significant changes in state of affairs

In the opinion of the directors, there were no significant changes in the state of affairs of the Fund that occurred during the financial half-year.

Matters subsequent to the end of the half-year

No matter or circumstance has arisen since 31 December 2019 that has significantly affected, or may significantly affect:

- (i) the operations of the Fund in future financial periods, or
- (ii) the results of those operations in future financial periods, or
- (iii) the state of affairs of the Fund in future financial periods.

Rounding of amounts to the nearest thousand dollars

Amounts in the directors' report have been rounded to the nearest thousand dollars in accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, unless otherwise indicated.

Auditor's independence declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 4.

This report is made in accordance with a resolution of the directors.

Mr A Ihlenfeldt
Director

Brisbane
31 January 2020

Auditor's Independence Declaration

As lead auditor for the review of Plato Australian Shares Income Fund for the half-year ended 31 December 2019, I declare that to the best of my knowledge and belief, there have been:

1. no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
2. no contraventions of any applicable code of professional conduct in relation to the review.

1 Basis of preparation of interim financial statements

This interim report for the half-year ended 31 December 2019 have been prepared in accordance with the *Corporations Act 2001* and Australian Accounting Standard AASB 134 *Interim Financial Reporting*.

The interim report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual financial report for the year ended 30 June 2019 and any public announcements made in respect of the Plato Australian Shares Income Fund ("the Fund") during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The interim report was authorised for issue by the directors on 31 January 2020. The directors of Pinnacle Fund Services Limited ("the Responsible Entity") have the power to amend and reissue the interim report.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Fund's annual financial report for the year ended 30 June 2019. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

New accounting policies

The Fund has initially adopted AASB 9 Financial Instruments and AASB 15 Revenue from Contracts with Customers from 1 July 2018. There was no material effect of the adoption of these standards to the Fund.

AASB 9 Financial Instruments (and applicable amendments)

AASB 9 *Financial Instruments* addresses the classification, measurement and derecognition of financial assets and liabilities and replaces the multiple classification and measurement models in AASB 139 *Financial Instruments: Recognition and Measurements*. Classification and measurement of debt securities is driven by the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

The Fund does not hold debt instruments that could result in reclassification of financial instruments to amortised cost or fair value through other comprehensive income. The derecognition rules have not changed from the previous and the Fund does not apply hedge accounting.

AASB 9 has been applied retrospectively by the Fund without the use of hindsight and it has determined that adoption did not result in a change to the classification or measurement of financial instruments in either the current or comparative period. The Fund's investment portfolio continues to be classified as 'fair value through profit or loss (FVTPL)' and other financial assets which are held for collection continue to be measured at amortised cost. There was no material impact on adoption from the application of the new impairment model.

The adoption of AASB 9 introduced a new expected credit loss (ECL) new impairment model. However, as the Fund's investments are all at FVTPL, the change in impairment rules would not impact the Fund.

AASB 15 Revenue from Contracts with Customers

AASB 15 has issued a new standard for the recognition of revenue. This replaced AASB 118 which covers contracts for goods and services and AASB 111 which covers construction contracts. The new standard is based on the principle that revenue is recognised when control of a good or service transfers to a customer thus replacing the existing notion of risks and rewards.

The Fund's main sources of income are interest, dividends and gains on financial instruments at fair value through profit or loss. All of these are outside the scope of the new revenue standard. As a consequence, there was no material impact on the Fund's revenue recognition nor on the accounting policies and financial statements.

1 Basis of preparation of interim financial statements (continued)

There are no other standards that are not yet effective and that are expected to have a material impact on the Fund in the prior periods or will affect the current or future reporting periods and on foreseeable future transactions.

2 Net assets attributable to unitholders

Movements in the number of units and net assets attributable to unitholders during the half-year were as follows:

	As at			
	31 December	30 June	31 December	30 June
	2019	2019	2019	2019
	No. '000	No. '000	\$'000	\$'000
A Class				
Balance as at 1 July	978,327	938,104	1,254,579	1,231,071

Distributions paid and payable	-	-	(16,152)	(38,561)
Profit/(loss) for the half-year	-	-	7,893	32,437
Closing balance	<u>479,007</u>	<u>330,989</u>	<u>458,771</u>	<u>324,108</u>

Total net assets attributable to unitholders	<u>1,777,619</u>	<u>1,578,687</u>
---	-------------------------	-------------------------

As stipulated within the Fund's Constitution, each unit represents a right to an individual share in the Fund and does not extend to a right to the underlying assets of the Fund. For the half-year ended 31 December 2019, there were two separate classes of units and each unit has the same rights attaching to it as all other units in the same class of the Fund. Unitholders of A class and F class units are both entitled to being notified of any general meetings regarding of the fund, voting rights and dividends. The difference between the class units is in regards to fees as outlined in the Product Disclosure Statement and Information Memorandum.

3 Distributions to unitholders

The distributions for the half-year were as follows:

	Half-year ended			
	31 December 2019 \$'000	31 December 2019 CPU	31 December 2018 \$'000	31 December 2018 CPU
A Class

Listed unit trusts	185,901	121,161
Unlisted unit trusts	-	983
Unlisted equities	-	1,514
Total financial assets at fair value through profit or loss	<u>1,764,377</u>	<u>1,569,697</u>

5 Fair value measurements

The Fund measures and recognises the below financial assets and liabilities at fair value through profit or loss on a recurring basis.

The Fund has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

Fair value hierarchy

Classification of financial assets and financial liabilities

The Fund classifies fair value measurements using a fair value hierarchy that reflects the subjectivity of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

(i) Fair value in an active market (level 1)

The fair value of financial assets and liabilities traded in active markets is based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs.

The Fund values its investments in accordance with the accounting policies set out in the annual financial statements. For the majority of its investments, the Fund relies on information provided by independent pricing services for the valuation of its investments.

The quoted market price used for financial assets held by the Fund is the last traded price; the appropriate quoted market price for financial liabilities is the last traded price. When the Fund holds derivatives with offsetting market risks, it uses mid-market prices as a basis for establishing fair values for the offsetting risk positions and applies this bid or asking price to the net open position, as appropriate.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

(ii) Fair value in an inactive or unquoted market (level 2 and level 3)

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions.

5 Fair value measurements (continued)

Fair value hierarchy (continued)

For other pricing models, inputs are based on market data at the end of the reporting period. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

The fair value of derivatives that are not exchange traded is estimated at the amount that the Fund would receive or pay to terminate the contract at the end of reporting period taking into account current market conditions (volatility and appropriate yield curve) and the current creditworthiness of the counterparties. The foreign currency contracts are valued at the forward rate.

Investments in other unlisted unit trusts are recorded at the redemption value per unit as reported by the investment managers of such trusts.

Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions.

The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Fund holds. Valuations are therefore adjusted, where appropriate, to allow for additional factors including liquidity risk and counterparty risk.

The carrying value less impairment provision of other receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Fund for similar financial instruments.

Recognised fair value measurements

The tables below set out the Fund's financial assets and liabilities (by class) measured at fair value according to the fair value hierarchy at 31 December 2019 and 30 June 2019.

As at 31 December 2019

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Financial assets at fair value through profit or loss				
Listed equities	1,578,476	-	-	1,578,476
Listed unit trusts	185,901	-	-	185,901
Total financial assets at fair value through profit or loss	1,764,377	-	-	1,764,377

5 Fair value measurements (continued)

Fair value hierarchy (continued)

As at 30 June 2019

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Financial assets at fair value through profit or loss				
Listed equities	1,446,039	-	-	1,446,039
Listed unit trusts	121,161	-	-	121,161
Unlisted unit trusts	983	-	-	983
Unlisted equities	1,514	-	-	1,514
Total financial assets at fair value through profit or loss	<u>1,569,697</u>	<u>-</u>	<u>-</u>	<u>1,569,697</u>

The fair value of financial instruments traded in active markets (listed equities and listed unit trusts) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Fund is the current last price. These instruments are included in level 1.

(iii) Transfers between levels

There were no transfers between levels for the half-year ended 31 December 2019 or the year ended 30 June 2019.

6 Events occurring after the reporting period

No significant events have occurred since the end of the reporting period which would impact on the financial position of the Fund as at 31 December 2019 or on the results and cash flows of the Fund for the half-year ended on that date.

7 Contingent assets and liabilities and commitments

There were no outstanding contingent assets, liabilities or commitments as at 31 December 2019 and 30 June 2019.

Directors' declaration

In the opinion of the directors of the Responsible Entity:

- (a) the interim financial report and notes set out on pages 5 to 15 are in accordance with the *Corporations Act 2001*, including:
 - (i) complying with Accounting Standards and the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
 - (ii) giving a true and fair view of the Fund's financial position as at 31 December 2019 and of its performance for the financial half-year ended on that date, and
- (b) there are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the directors.

Mr A Ihlenfeldt
Director

Brisbane
31 January 2020

Independent auditor's review report to the unitholders of Plato Australian Shares Income Fund

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Plato Australian Shares Income Fund (the Registered Scheme), which comprises the statement of financial position as at 31 December 2019, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, selected other explanatory notes and the directors of the Responsible Entity's declaration.

Directors of the Responsible Entity's responsibility for the half-year financial report

The directors of the Responsible Entity of the Registered Scheme are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors of the Responsible Entity determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Australian Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the entity's financial position as at 31 December 2019 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Plato Australian Shares Income Fund, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Liability limited by a scheme approved under Professional Standards Legislation.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Plato Australian Shares Income Fund is not in accordance with the *Corporations Act 2001* including:

1. giving a true and fair view of the entity's financial position as at 31 December 2019 and of its performance for the half-year ended on that date;
2. complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
