1 Basis of preparation of interim financial statements

This interim report for the half-year ended 31 December 2021 has been prepared in accordance with the *Corporations Act 2001* and Australian Accounting Standard AASB 134 *Interim Financial Reporting*.

This interim report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual financial report for the year ended 30 June 2021 and any public announcements made in respect of the Hyperion Small Growth Companies Fund ("the Fund") during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The interim report was authorised for issue by the directors on 8 March 2022. The directors of the Pinnacle Fund Services Limited ("the Responsible Entity") have the power to amend and reissue the interim report.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Fund's annual financial report for the year ended 30 June 2021. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

There are no other standards, interpretations or amendments to existing standards that are not yet effective and that are expected to have a material impact on the Fund in the prior periods or will affect the current or future reporting periods and on foreseeable future transactions.

2 Net assets attributable to unitholders

Under AASB 132 *Financial instruments: Presentation*, puttable financial instruments meet the definition of a financial liability to be classified as equity where certain strict criteria are met. The Fund shall classify a financial instrument as an equity instrument from the date when the instrument has all the features and meets the conditions.

5 Fair value measurements

The Fund measures and recognises the below financial assets and liabilities at fair value through profit or loss on a recurring basis.

The Fund has no financial assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

Fair value hierarchy

Classification of financial assets and financial liabilities

The Fund classifies fair value measurements using a fair value hierarchy that reflects the subjectivity of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

5 Fair value measurements (continued)

Fair value hierarchy (continued)

(i) Fair value in an active market (level 1)

The fair value of financial assets and liabilities traded in active markets is based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs.

The Fund values its investments in accordance with the accounting policies set out in the annual financial statements for the year ended 30 June 2021. For the majority of its investments, the Fund relies on information provided by independent pricing services for the valuation of its investments.

The quoted market price used for financial assets held by the Fund is the last traded price; the appropriate quoted market price for financial liabilities is the last traded price. When the Fund holds derivatives with offsetting market risks, it uses mid-market prices as a basis for establishing fair values for the offsetting risk positions and applies this bid or asking price to the net open position, as appropriate.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represents actual and regularly occurring market transactions on an arm's length basis.

(ii) Fair value in an inactive or unquoted market (level 2 and level 3)

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions.

For other valuation techniques, inputs are based on market data at the end of the reporting period. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

The fair value of derivatives that are not exchange traded is estimated at the amount that the Fund would receive or pay to terminate the contract at the end of reporting period taking into account current market conditions (volatility and appropriate yield curve) and the current creditworthiness of the counterparties. The foreign currency contracts are valued at the forward rate.

Investments in other unlisted unit trusts are recorded at the redemption value per unit as reported by the investment managers of such trusts.

Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions.

Valuation techniques employed may not fully reflect all factors relevant to the positions the Fund holds. Valuations are therefore adjusted, where appropriate, to allow for additional factors including liquidity risk and counter party risk.

The carrying value less impairment provision of other receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Fund for similar financial instruments.

5 Fair value measurements (continued)

Fair value hierarchy (continued)

The tables below set out the Fund's financial assets and liabilities (by class) measured at fair value according to the fair value hierarchy at 31 December 2021 and 30 June 2021.

Independent auditor's review report to the unitholders of Hyperion Small Growth Companies Fund

Report on the half-year financial report

Conclusion

We have reviewed the half-year financial report of Hyperion Small Growth Companies Fund (the Registered Scheme) which comprises the Condensed statement of financial position as at 31 December 2021, the Condensed statement of comprehensive income, Condensed statement of changes in equity and Condensed statement of cash flows for the half-year ended on that date, significant accounting policies and explanatory notes and the directors of the Responsible Entity's declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report Hyperion Small Growth Companies Fund does not comply with the *Corporations Act 2001* including:

1. giving a true and fair view of the Registered Scheme's financial position as at 31 December 2021 and of its performance for the half-year ended on that date
2. complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report.

We are independent of the Registered Scheme in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibilities of the directors of the Responsible Entity for the half-year financial report

The directors of the Responsible Entity are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors of the Responsible Entity determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement whether due to fraud or error.

Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Registered Scheme's financial position as at 31 December 2021 and of its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
